SUMMARY

Computer Science student at Binus University with a focus on Cyber Security, backed by hands on experience in vulnerability discovery and responsible disclosure across Web Application,Mobile Application,API and Network Security.Proficient in Vulnerability Assessment and Pentration Testing using Burp Suite,Nmap,Nessus and OpenVas,with a strong understanding of the OWASP Top 10.Also experienced in Web Development (Next.js,Laravel),SAP ERP Data integration,System Migration and Static Code Analysis gained through intership and independent security work.

EDUCATION

Binus University **2022 – 2026**

Bachelor of Computer Science, Focus on Cyber Security *(GPA: 3.5/4.00)*

- **Relevant Courses:** Cybersecurity, Programming, Web Development

PROFESSIONAL EXPERIENCE

Security Tester **Aug 2026 – Present**

Independent

- Discovered and reported 10 vulnerabilities through bug bounty platforms and self-hosted programs across OWASP Top 10 categories, including Broken Access Control, Injection, Security Misconfiguration, and Authentication Failures.
- Wrote reports with reproduction steps, impact analysis, and remediation referencing the OWASP Top 10.

POSDIGI (Member Of POSIND) **Feb 2025 – Jan 2026**

Internship

- Developed a system to extract, validate, and classify transaction data (revenue and COGS) from the company database and upload it directly to SAP ERP, eliminating manual data entry for the accounting team.
- Conducted monthly reconciliation with the accounting team to compare system-generated figures against accounting records, ensuring data accuracy and resolving discrepancies.
- Worked on migrating the SAP system from PHP to Next.js by rebuilding the dashboard, making it easier for users to review financial data without relying on direct database queries.
- Helped with static analysis to identify code issues and improve web application security.
- Assisted in developing and maintaining company websites.

Telus International **Apr 2023 – Jul 2023**

AI Community Surfer (Freelance)

- Reviewed and compared search results and AI generated responses based on relevance, accuracy, and quality guidelines.
- Analyzed user queries and chose the most relevant responses to help improve search and AI results.
- Reviewed and labeled different types of data following project guidelines and maintaining good accuracy.

COURSE AND CERTIFICATE

Certified Ethical Hacker (CEH) – *Course net indonesia* **Oct 13, 2024 – Nov 17, 2024**

- Completed training on ethical hacking methodologies and practices, in preparation for the CEH certification exam.

UI/UX Design – *Myskill.id* **Sept 12, 2024**

- Redesigned the Lion Parcel application interface using Figma, focusing on user-centric design principles to enhance usability and improve overall user satisfaction.

Mini Bootcamp – *RevoU Fundamental* **Aug 16, 2024 – Aug 30, 2024**

- Created a responsive form for a final project, applying modern web development techniques to ensure a seamless user experience across devices.

Web Programming – *Binus Center* **Sept 2023 – Aug 2024**

- Developed dynamic websites using ASP.NET and Microsoft SQL Server, completing a comprehensive library management system project that enhanced my skills in back-end development and database management.

ACHIEVEMENT

Responsible Disclosure **2026**

- Identified and reported security vulnerabilities to Institut Teknologi Bandung, Magelang City Government, BMKG and NASA (via Bugcrowd), following responsible disclosure practices to help improve their system security.

SKILLS

SOFTWARE SKILL

- **Web Programming:** Next.js, Laravel, ASP.NET, Bootstrap, Tailwind
- **Programming Languages:** Javascript, Python, PHP
- **Cybersecurity:** Kali Linux, Burp Suite, Nessus, OpenVAS, SonarQube,Nmap,SQLMAP,Metasploit,Web Security,Mobile Security,API Security,Network Security.
- **DevOps & Version Control:** Docker, Jenkins, GitHub, GitLab
- **Microsoft:** Word, Power Point

SOFT SKILL : Analytical Thinking, Problem-Solving, Attention To Detail, Communication, Adaptability, Teamwork.
LANGUAGE : Indonesia (*Native*)**,** English (*Professional Working Proficient*)
